Since 1986 Horsham Veterinary Hospital has been providing care for the pets of thousands of people in Eastern Montgomery and Southern Bucks Counties. Our staff of six doctors and 30 support personnel makes our modern state of the art hospital and other facilities the best choice of care for your pet.

Whether your pet needs routine care or diagnosis and treatment, you can't go wrong by selecting Horsham Veterinary Hospital. In addition to diagnostic and routine medical care we provide a full array of services including state of the art traditional, orthopedic, and laser surgery. Other areas of care include dermatology, ophthalmology, dentistry, cardiology, vaccinations and medications. Our diagnostic services include radiology, ultrasound, endoscopy, echocardiography, and laboratory analysis.

For the non-medical needs of your pet we provide convenience services including boarding, grooming, food and supplies, microchip identification, and dog training classes. By selecting us for your pet care you can fulfill all your pet's needs in one convenient place.
